

CHOOSE THE RIGHT PALLET TRUCK THAT'S RIGHT FOR YOU

For nearly a century, Raymond has provided material handling solutions to thousands of companies in every major industry segment, resulting in extensive cross-industry experience that is second to none. We've led the material handling industry and literally "written the book" on innovation- from inventing the hydraulic hand pallet truck and the double-faced pallet, to revolutionizing the warehouse with the narrow aisle, and developing the breakthrough lift trucks that help your operations achieve their full potential.

Raymond and its authorized Sales and Service Centers work to serve you with consistent effort, enthusiasm and high quality. Our profit-boosting advice, proactive maintenance, fast service response, technical proficiency and comprehensive training ensures you get everything you need, everywhere you do business.

Whether you're a local, regional, multi-location or national account customer, expect performance solutions tailored to your needs, including world-class programs for fleet management and optimization, consistent maintenance and service with response-time assurance, technician and operator training, and much more.

Altra Lift

- » Best value for use on the go
- » Nylon fork tip entry rollers for transition ease
- » Ideal for light-duty applications
- » Multiple fork configurations available

Load capacity: 4,000, 5,500 and 6,000 lbs.

Fork lengths: 36", 42", 48", 72"

Frame widths: 20.5", 27"

RJ50P

- » Robust hydraulic pump design
- » High performance frame
- » Ideal for high throughput

Load capacity: 5,000 lbs.

Fork length: 48"

Frame widths: 20.5", 27"

RJ50N

- » Ideal for everyday use
- » One piece hydraulic pump
- » Optional steer and load wheel materials
- » Multiple configurations available

Load capacity: 5,500 lbs.

Fork lengths: 36", 42", 48"

Frame widths: 16", 20.5", 27"

Low/Ultra-Low Profile

- » Suitable for pallets or skids with low clearance openings
- » 2" or 1.75" lowered fork height
- » One-piece, hydraulic pump

Load capacity: 3,000, 5,000 lbs.

Fork lengths: 42", 48"

Frame widths: 20.5" 27", 29"

4-Way Entry/Low Profile

- » Suitable for handling 4-way entry pallets easily in all 4 directions
- » Ideal for moving pallets or skids with low clearance opening
- » 2" or 1.75" lowered fork height

Load capacity: 5,000 lbs.

Fork length: 48"

Frame width: 33"

Heavy Duty Load Capacity

- » Suitable for high load capacity
- » Ideal for high throughput applications
- » Heavy duty hydraulic pump and reinforced frame
- » Solid steel wheels and rollers

Load capacity: 8,000 lbs.

Fork length: 48"

Frame width: 27"

Unique Fork Frame Sizes

- » One-piece, hydraulic pump
- » Reinforced fork design provides strength and rigidity for special size applications

Load capacity: 5,500 lbs. evenly distributed

Fork lengths: 36", 60", 72", 96"

Frame widths: 18", 20.5", 27"

WE'VE GOT YOU COVERED

Raymond® provides world-class support tailored to meet your needs for fleet management and optimization, consistent maintenance and service—backed by our response-time assurance, technician and operator training, and more. Our network of more than 100 Sales and Service Centers provides comprehensive packages of customized solutions, designed to help you drive down costs and run your business better and smarter.

- + Flexible financing solutions
- + Lower ownership interest rates
- + A variety of rental and leasing options
- + Certified, pre-owned lift trucks
- + Strong warranties
- + Raymond Asset Protection™ — three levels

Freezer/Galvanized

- » Ideal for freezer applications
- » Galvanized fork frame, handle and pump
- » Low temperature hydraulic oil
- » Resistance to corrosion

Load capacity: 5,500 lbs.
Fork length: 48"
Frame width: 27"

Stainless Steel

- » Suitable for wash down and corrosive environments
- » Stainless steel fork frame and hydraulic pump
- » Glass-blasted frame finish for easy cleaning

Load capacity: 4,400 lbs.
Fork length: 48"
Frame width: 27"

Power Start-Assist

- » Reduces inertial resistance through an innovative labor-saving system
- » Pump the handle to propel the load forward or reverse
- » Powerthane drive wheels for high capacity and traction

Load capacity: 5,000 lbs.
Fork lengths: 36", 42", 48"
Frame widths: 20.5", 27"

PST Plus

- » Self-propelled motor that provides convenience and maneuverability
- » Suitable for light-duty pallet movement and maneuverability
- » 24V DC power drive unit
- » Onboard, automatic battery charger
- » Two speed travel

Load capacity: 2,200 lbs.
Fork lengths: 36", 42", 48"
Frame widths: 20.5", 27"

Manual Ergonomic Skid Lifter

- » Provides portable ergonomic load-positioning and lifting
- » Manual pump operation
- » Quick lift allows for easy positioning

Load capacity: 3,000 lbs.
Fork length: 48"
Frame widths: 20.5", 27"
Lift height: 31.5"

Electric Ergonomic Skid Lifter

- » Provides portable ergonomic load-positioning and lifting
- » Electric lift by 12V DC power pack
- » Deep cycle battery and built in charger
- » Push button operated electric lift

Load capacity: 3,000 lbs.
Fork length: 48"
Frame widths: 20.5" 27"
Lift height: 31.5"

Easy-Lift Winch Lifter

- » Perfect for load lifting, work positioning and moving product
- » Hand operated winch with locking ratchet
- » Adjustable smooth steel shelf

Load capacity: 500 lbs.
Platform length: 20"
Platform width: 20"
Raised height: 52"

Debris Diverter

- » Diverts debris from the steer tires for smoother operation and reliable travel
- » Transferable between trucks for greater flexibility and cost efficiency
- » Unique design allows for uninterrupted travel over various surfaces and inclines.
- » Quickly and easily attaches to most brands of hand pallet trucks
